# 以產品/文件類型進行篩選

## Filter by Product and Document Type

The screenshot shows the Hilti Technical Library interface. On the left, there are two filter sections: 'Product group' and 'Product type'. In the 'Product group' section, the '防火和消防 (39)' option is selected and highlighted with a red box. In the 'Product type' section, the '入則文件 (39)' option is selected and highlighted with a red box. On the right, there are three document entries. The first entry is 'CFS-CID General Submission Folder Hong Kong (Jan 2021)'. The second entry is 'CP 611A General Submission Folder - Macau (Nov 2023)'. The third entry is 'CP 648 General Submission Folder - Macau (Nov 2023)'. Two callout boxes with arrows point to the selected filters: 'Filtering by Product type 依產品類型篩選' (1) points to the '防火和消防 (39)' filter, and 'Filtering by Document type 依文件類型篩選' (2) points to the '入則文件 (39)' filter.
