Notification of Product Prices and Order Handling Charge Adjustment

Effective 15th May 2026

Dear Valued Customers,

At Hilti, we are committed to delivering innovative solutions and reliable products with exceptional customer experience. Our goal is to be your best partner for productivity, safety and sustainability - making construction better together.

We would like to inform you of a necessary price adjustment effective 15 May 2026. This change will be implemented for our chemical products, as well as to our order handling charge for all orders and charged repairs. Additionally, a temporary fuel surcharge will be introduced.

This price adjustment is primarily driven by ongoing conflicts in the Middle East, and is further influenced by prevailing inflationary pressures and sustained increases in freight and logistics, petrochemical raw materials, and manufacturing costs across our markets.

我們一直以來為您提供革新的產品和可靠的解決方案，並提供卓越的客戶體驗。在安全、生產力及可持續發展方面，我們均是您的最佳合作夥伴，與您攜手讓建築界更上一層樓。

我們謹此通知，化學產品價格，以及所有訂單及付費維修的訂單處理費將於 2026 年 5 月 15 日起作出調整。此外，我們將對每張訂單及每項付費維修臨時加收固定燃油附加費。

是次價格調整主要因中東地區衝突所致，並受持續通脹壓力，以及油價上漲導致的運費與物流成本增加、石化原材料及製造成本上升等因素影響。
