Lease your tools on Fleet Management

If you already lease your vehicles, you can now easily lease construction equipment with Hilti Fleet Management. For a monthly fee, you get state-of-the-art tools and a full service package that includes everything from free repairs to theft coverage with our tool lease.

This means you can focus on the real business of running your jobsites more effectively.

Active Torque Control (ATC) prevents a tool body from turning in an uncontrolled manner, for example, if the tool is stuck.

Active Vibration Reduction (AVR) reduces vibration by up to two-thirds compared to conventional tools, allowing them to be used for longer and more comfortably.
